### Customer Identification Form

Federal Communications Commission rules designed to protect the privacy of your account information require that we identify customers as being authorized on the account. To do so, we will ask a specific question to which you have previously provided us the answer. Because these rules allow us to discuss account information only with the person(s) authorized on the account, you may want to add others such as a spouse or family member to your account.

Please populate the name(s) of people authorized on the account and the response to one of the three questions listed below:

1. What are the last four digits of your social security number?
2. What is your mother’s maiden name?
3. In what town or city where you were born?

Name(s) on the Account	Identification Answer <small>Last 4 digits of social security number, Mother’s maiden name or birthplace.</small>	Person is financially responsible for the Account
