Company Statement Regarding Coronavirus

Consolidated continues to monitor the evolving situation with the coronavirus that causes COVID-19 and is adjusting our policies in accordance with guidance from medical authorities.

Since the number of cases of COVID-19 in our service area has recently increased dramatically, we have decided to temporarily stop allowing our technicians to enter customers' homes and business for service calls and installations. Technicians will continue to work with customers to ensure that their service needs are met and our Lincoln-based customer service staff will continue to take your calls at 800-742-7464.

Thank You,
Consolidated
